All sporting and leisure activities have inherent hazards and rambling is no exception. In spite of the safety of walkers always being the paramount concern, accidents will occasionally occur. It is important, therefore that when entering into this activity, each walker appreciates that they have a responsibility to identify the hazards associated with this activity and take all reasonable steps to eliminate or minimise the potential for an accident to arise. All walkers are responsible for their own safety and should carry a first aid kit.

We are always delighted to welcome non-members who wish to walk with us on a trial basis, however after 3 walks we ask that you join our parent organisation, the Ramblers Association.
